Thurton Primary School Excels

Thurton Year 3/4 Tennis Team are County School Tennis Champions

On Friday, 2nd July the Year 3/4 Tennis Team embarked on their battle to become County Tennis Champions.

To the delight of pupils, parents and teachers the triumphant tennis team ran back onto the school field in the middle of sports day with the winner's cup held aloft. "Small school, big future!" James Allerton stated after winning the cup and this sums up what I believe for the school as well.

Pictured above: The triumphant Year 3/4 County Schools Tennis Champions

120 schools took part in area finals and the top 2 from each area went to the County Finals. 16 teams from all over Norfolk then competed at Easton College Tennis Centre. Thurton qualified top of their pool and then came top of the winners' pool to be crowned County Champions and the rest, as they say, is history..... "Sport is really taking off, at Thurton. I've never known it like this before and the pupils and parents think it is wonderful. I still can't quite believe that 'little old Thurton' are County Champions!!!" said David Wilkinson, parent and Chair of Governors.

Last month our Year 5/6 cricket team also got to the County Finals where we came 12th. We were thrilled as we competed against some big schools with lots of children to choose their team from; we only have 25 in total in Year 5/6.

In assemblies and around the school we talk about trying our best, being our best and doing our best! We are so proud of both of these teams because they showed that we might not be big but we give it our best! So small school, definitely big future!

Cassandra Williams, Head Teacher.
